About Me

Final-year Computer Science Engineering student at the Myanmar Institute of Information Technology (MIIT) with hands-on experience in web development, programming, and database-driven applications. Skilled in Python, Django, Java, JavaScript, HTML, CSS, Bootstrap, and SQL, with experience applying these technologies in academic projects. Strong foundation in problem-solving, and database design, with a willingness to learn new technologies and adapt to different development environments. Looking for an internship where I can apply my technical skills to real-world projects while gaining practical industry experience.
